Concept lijst namen:

A horizontal bar chart comparing the percentage of respondents who believe the U.S. should take action against the Islamic State, categorized by gender. The y-axis lists 20 different response options, and the x-axis represents the percentage of respondents. The legend indicates that blue bars represent 'Men' and orange bars represent 'Women'. The data shows that for most categories, a higher percentage of men believe the U.S. should take action compared to women.

Response Option	Men (%)	Women (%)
U.S. should take action against Islamic State	92	88
U.S. should not take action against Islamic State	7	12
U.S. should take action against Islamic State	88	82
U.S. should not take action against Islamic State	12	18
U.S. should take action against Islamic State	82	78
U.S. should not take action against Islamic State	18	22
U.S. should take action against Islamic State	78	72
U.S. should not take action against Islamic State	22	28
U.S. should take action against Islamic State	72	68
U.S. should not take action against Islamic State	28	32
U.S. should take action against Islamic State	68	62
U.S. should not take action against Islamic State	32	38
U.S. should take action against Islamic State	62	58
U.S. should not take action against Islamic State	38	42
U.S. should take action against Islamic State	58	52
U.S. should not take action against Islamic State	42	48
U.S. should take action against Islamic State	52	48
U.S. should not take action against Islamic State	48	52
U.S. should take action against Islamic State	48	42
U.S. should not take action against Islamic State	52	58

Etc.

Etc.

Nog verdelen per cluster/ team

Het risico is ondanks deze lijst dat wij er toch nog een aantal medewerkers vergeten.
